Citizens of Kauai

Our beloved Kauai is in great turmoil.

Your quality of life, and your safety and welfare is being compromised.

The people of this County are suffering under the present system. We need to bring about relief for our citizens as well as safeguarding our environment. We need to address these problems aggressively. We can no longer afford to play the patch up, catch up game. The old way of doing things only adds to our existing problems.

We need a comprehensive redirection that is responsive to and works for the interest of the constituents. Let us start with the implementation of the Ohana Tax measure for tax relief.

Then proactively process the problems causing the rapid deterioration of our infrastructure and community such as the traffic congestion, education, radical development, solid waste problem and affordable housing. Good for the Community, good for the economy.

We can achieve this through open governance, direct and free dialogue between the public and the private sectors. We can achieve success in bringing about a better future for our families by finding common grounds and common solutions. You can bring about this change with your vote. I humbly request your help, to give me the opportunity to represent you, as your council person.

Sponsor and Intervener of the Ohana Tax Amendment

40 years in family food business, Rotarian, volunteer for YMCA and RSVP
